

# She's Just a Girl

*(Joseph's Song)*

*How did Joseph feel about this unlikely and hurtful story from Mary? What a crazy set of mixed emotions he must have gone through until he was convinced by an angel...*

C F G Am F G  
Only yesterday, life was so unchanged, unchanging  
C Am F GC F G  
All the hopes and plans of a simple man  
C F G Am F G  
Suddenly I find all that's left behind, inside me.  
C Am F G C F G  
Nothing seems the same, it's a crying shame

## **Chorus:**

F G C C/B<sup>=</sup> Am Am/G  
She's just a girl, the centre of my world  
F Fm C  
I was so sure her love was real  
F G C C/B<sup>=</sup> Am Am/G  
And now I don't know just the way that I should feel,  
F G F G  
Though it hurts me so, I must let her go.

Now I must believe, await the child conceived, without me  
How can this be true, though I trust in you?  
If it's as you say, I will simply stay, supporting  
We will guard this life, She will be my wife.

## **Chorus 2:**

She's just a girl, the centre of my world  
A humble servant in God's hand  
How could I doubt the trust of one who loves me so  
When the sun goes down, I will be around

Looking back it seems an amazing dream, confusing  
Though I don't know how, God is with us now.  
We'll protect and save now the gift he gave, The Saviour  
Leaving Bethlehem, fleeing cruel men.
